The Essence of Man

This course teaches on the make up of mankind in relations to spirit, soul, and body. Dr. Daniels relates the essence of man to the existence of mankind in the earth from the beginning of time. In this course of study, the student will learn to differentiate between fallen angels and demons that are cast out of people. The student will also receive sound teaching on the controversial 'Gap Theory' based on Gen 1:1 and Genesis 1:2. Upon the completion of this course the student will be equipped to stand on the word of God against the secular teaching on evolution. Questions like, "Who was Lucifer merchandising with before he was cast out of heaven?" and "Was there a Pre-Adamic Race?" will become clear answers.

Salvation Course 101

This course breaks down the ingredients of salvation. It will give the student a strong foundation to minister to new believers and in the evangelical field. Dr. Daniels introduces a first time teaching on the spirit of death. Seventeen territorial spirits and fourteen strong men of death are exposed in this teaching. Upon completion of this course the student will be equipped to go into regions and do territorial warfare against spirits that hinder salvation. An extra added blessing will be the upgrade in the student's personal life at the completion of this lesson.

Sexual Disorder Study

Is there such a thing as being born gay? Did sexual perversion have anything to do with why God flooded the earth? This course will answer questions of this sort. It will also deal with issues of perversion that the church has feared to address. Students will be equipped to deal with the most adverse type of sexual disorders. Dr. Daniels provides a study on thirty different types of perversions. Upon completion of this course the student will have a working knowledge of the power of the imagination, perversion rooted in ancient spirits, and sexual sins invented by men from the wickedness of their hearts. This course brings revelation on loin truth that will equip every believer.

The Names of God

This course stretches the student's Hebrew and Aramaic vocabulary. A study of over 80 names of God is given in these languages. Dr. Daniels and Rabbi Yisrael Avraham have provided a pattern of study that gives an awareness of the function of names

according to Hebraic culture. This study also teaches the student how to use the names of God to create and publish group prayers. Finally, an in depth word study is provided on El Nosei, the God who forgives.

Christian Legal Defense

Attorney Pam Archibald has personally completed years of research on the legal rights of believers. In this course she reveals truths on freedom of speech in the pulpit, the church and politics, the laws or lies of 5013c concerns, the responsibility of ministers according to the I.R.S. and many more pertinent topics of this field. The student will also be well versed on issues concerning the 'Separation of Church and State Myth' that has plagued our professional and political arenas in America.

Real Estate Awareness

In the last days there are many benefits and traps in real estate business that believers must be made aware of. Attorney Pam Archibald is a Real Estate Law Specialist. This course is designed to help students obey the command that God gave Joshua to, "Possess the Land!" Though Attorney Archibald is an ordained prophet with Spoken Word Ministries, she also has a strong anointing in business. Her vision is for the church to take its rightful position in the market place sectors of the world.

Foundational Deliverance

This course is an in depth teaching on 'spiritual wholeness'. It combines the ministry of deliverance and inner healing to equip the student to minister to the broken hearted. The student will understand what inner healing is in relationship to deliverance ministry. Dr. Daniels also expounds on knowing the perfect will of God, realms of the spirit and how to recognize the lord of a realm. The student will be activated and enhanced in deliverance ministry by completing this course.

Secrets Organizations and the Believer

The word occult means secret. Many groups and organizations that are highly thought of in the secular world are rooted in the occult. This course will uncover the truth about 'angel of light groups' that hide behind cloaks of community services

and good deeds when they are rooted in idol worship. It is impossible to serve God and be a part of groups such as the Eastern Stars, Masons, and Shriners. Making pledges to fraternities and sororities should not be an option to the born again believer. Upon completion of this course the student will be knowledgeable in this present day truth. The student will also be able to minister effectively to individuals that need deliverance from the fruits of secret organizations.

Secular Humanism

Since the time of Nimrod to present, the struggle of creation has been to force man to worship himself. We are living in a day in time where human rights override the word of God. At the root of the homosexual agenda, abortion, and any other assignments against Godly morality is secular humanism. It is the world (rebellion) and the flesh (witchcraft) working through the powers of the beast. This course will enlighten students on the topic and equip them to stand in prayer against the movement. Those who aspire to incorporate ministries must take this course.

The Homosexual Agenda

This course will educate students on the agenda of the homosexual movement of today. This agenda is rooted in more than sexual preference rights. This course will expose how the enemy is economically, politically, and religiously attempting to entrap the church into a frozen state of ignorance. The over all goal of this agenda is to control laws in order to give power to the antichrist spirits of the time we live in. The student will review case studies, complete research projects, and study current events on this subject.
